**Subject:** FY 2019 President's Budget Hearing fact sheets - for IO review  
**Attachments:** CLEAN POWER PLAN.DOCX; GLIDER KITS.DOCX; METHANE QUAD Oa MEMO.DOCX; Revised FY 19 PB Hearing Fact Sheets - Budget.docx; RFS RVO.DOCX; CA CAA Waiver.docx

Hi Josh,

Per our discussion, please see attached redline versions of the FY 19 PB fact sheets updated per OCFO/OCIR request. This includes all of OAR's fact sheets *with the exception of the MTE fact sheet that is still under review*.

You will notice that there are six files attached. The file labeled "Revised FY 19 PB Hearing Fact Sheets – Budget" includes all of the budget fact sheets that you saw already. The other five files are individual fact sheets reviewed and updated, as necessary, by OTAQ and OAQPS that are policy/program-related.

OCFO had requested that the fact sheets be turned in by yesterday but we gave them a heads-up that they still required review, and we haven't received push back yet. Please let us know if you have any questions.

Thanks for your help,  
Mike

**Subject:** FY 2019 President's Budget Hearing fact sheets - for review

Hi Josh and Jonathan,

OCIR/OCFO requested that NPMs and Regions update current FY 2019 PB fact sheets as necessary for the upcoming budget hearings at the end of April. OPMO updated all of the fact sheets that are primarily budget-related per OCIR/OCFO guidance. (Please see attached fact sheets with tracked changes.) In our estimation the updates to these fact sheets, which Bill previously reviewed and approved, are fairly minimal. You will notice that we included FY 18

resource information when it was specified in the Omnibus – in other instances, the resource levels are TBD as part of the Agency Op Plan process. Also included is a fact sheet related to nonattainment areas which also should not change.

In the meantime, we have separately forwarded the more policy-related fact sheets from OCIR/OCFO to OTAQ and OAQPS to be reviewed and updated, as necessary (e.g., topics include CAA waiver, Midterm Evaluation, etc.). We requested revisions to these fact sheets by COB today and believe that these fact sheets could change significantly enough to warrant OAR IO review. We intend to forward these fact sheets to you for IO review when we receive them.

Please let us know if the attached budget-related fact sheets are OK to submit to OCFO or if you'd prefer that they be reviewed by the IO again. (Note that we would indicate on each of the fact sheets (as before per OCFO's format) that they are approved by Bill.) Alternatively, if you prefer that they be reviewed by the IO, we can accept the tracked changes on them and re-send them along with the OTAQ and OAQPS fact sheets when we get them back so you have a consolidated set.

Please let us know if you have any questions.

Thanks,  
Mike
